

25 Silver Anniversary
Special Feature

extraordinary times

call for **extraordinary** vision

For 25 years, **SASRIA** has gone boldly where other insurers have been unwilling to tread. Founded in 1979, in response to the **extraordinary** insurance needs of a nation undergoing a turbulent rebirth, **SASRIA** has worked towards peace of mind for all South Africans.

With **extraordinary** vision, **SASRIA** has partnered and protected our country's economic resources while furthering the empowerment and upliftment of its workforce and communities. Now, as we celebrate a decade of democracy, we look back on an **extraordinary** track record and look forward to an even more **extraordinary** future.
